ABTC Reporting System – User Manual

Version: 1.0

Developer: Justice Belleza

Effective Date: February 12, 2026

---

1. Introduction

The **ABTC Reporting System** is a specialized web-based application designed for Animal Bite Treatment Centers (ABTCs) to streamline the recording, reporting, and consolidation of animal bite cases.

Key Features:

- Secure login and role-based access (User vs. Admin).
- Automated consolidation of bite cases (Male/Female, Age Groups, Categories).
- Cohort Reporting for Category II and III exposures.
- Real-time status tracking (Draft, Pending, Approved, Rejected).
- PDF generation for printing and physical submission.
- Centralized management for the Provincial Health Office (PHO).

---

2. Getting Started

2.1. Logging In

1. Open the ABTC Reporting System in your web browser at abtcrs.com
2. Enter your registered **Email Address** and **Password**.
3. Complete the **Captcha** verification (tick the box).
4. Click **Sign In**.

2.2. Forgot Password

If you have forgotten your password:

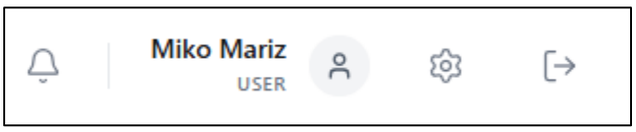
1. Click the **Forgot password?** link on the login screen.
2. Enter your email address and complete the Captcha.
3. Click **Send Link** to receive password reset instructions via email.

Dashboard Overview

Upon logging in, your view will depend on your assigned role.

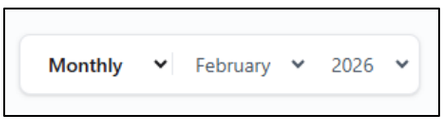
3.1. Facility User (RHU/Hospital Staff)

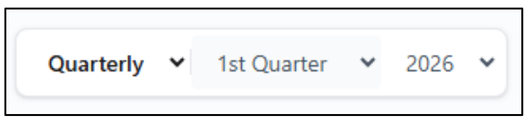
- **Header:** Displays your Notification, Name, Role, Profile Settings, Settings and Logout Button.

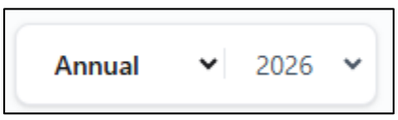


- **Control Bar:** Allows you to switch between **ABTC Reporting** (Main) and **Cohort** tabs.

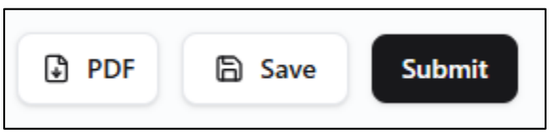
- **Period Selector:** Toggle between **Monthly**, **Quarterly**, or **Annual** views.





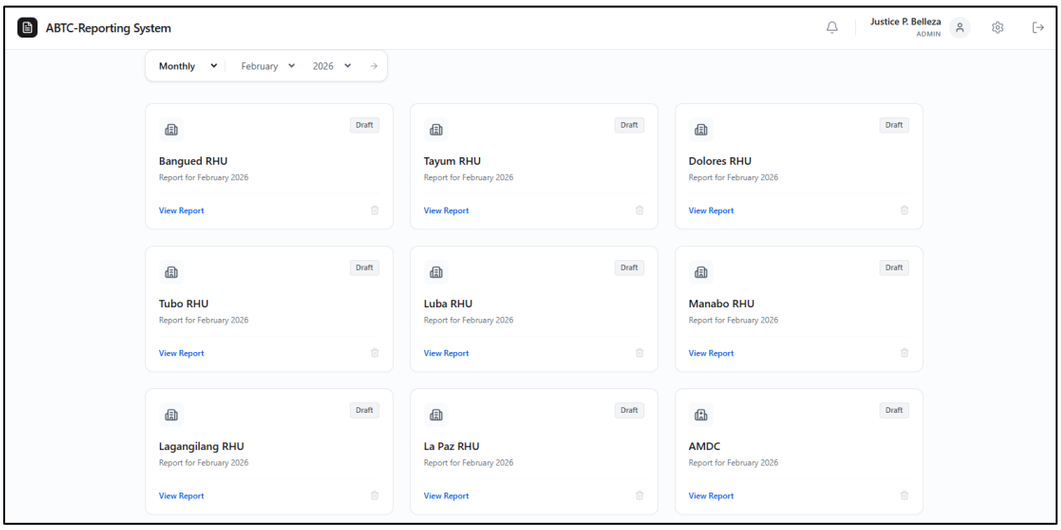


- **Action Buttons:** Options to **Save**, **Submit**, or **Download PDF**.



3.2. Administrator (PHO)

- **Facility Grid:** A bird's-eye view of all registered facilities (e.g., Bangued RHU, Tayum RHU).
- **Status Indicators:** Color-coded badges showing the status of each facility's report:
  - **Gray:** Draft (Not yet submitted)
  - **Yellow:** Pending (Submitted for review)
  - **Green:** Approved
  - **Red:** Rejected
- **Consolidated View:** A button to view the aggregated data of all approved reports.

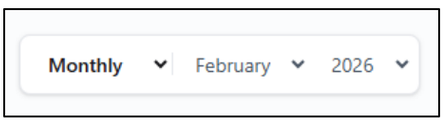


---

4. Managing Reports

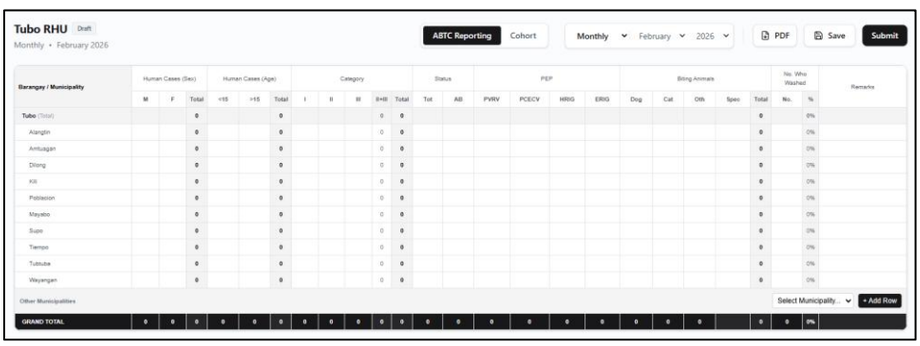
4.1. Creating a Monthly Report

1. Select **Monthly** from the period dropdown.
2. Select the **Month** and **Year** you wish to report on.
3. Ensure you are on the **ABTC Reporting** tab.



4.2. Entering Data

The system pre-loads the specific barangays for your facility.



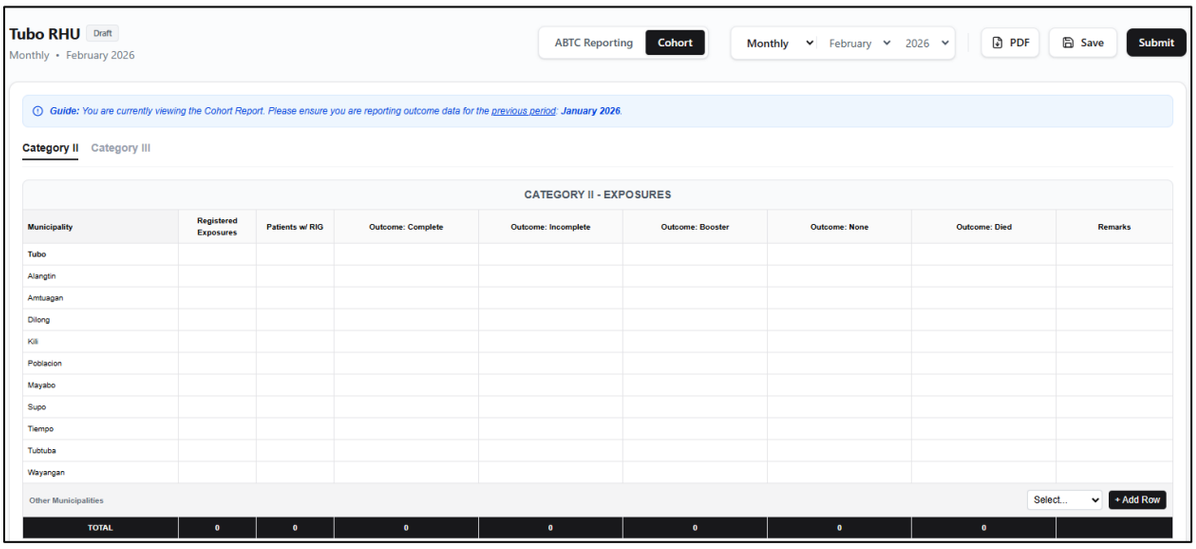
- **Host Municipality:** The top row (bolded) represents your facility's total. **Do not edit this directly**; it auto-calculates based on the barangay rows below it.
- **Barangay Rows:** Enter data for patients originating from specific barangays within your catchment area.
- **Other Municipalities:** For patients coming from outside your municipality:
    1. Scroll to the "Other Municipalities" section.
    2. Select the municipality from the dropdown list.
    3. Click **+ Add Row**.
    4. Enter the patient data in the newly created row.

Data Fields:

- **Human Cases (Sex):** Male, Female.
- **Human Cases (Age):** <15 years, >15 years.
- **Categories:** Cat I, Cat II, Cat III.
- **Treatment/PEP:** AB Count, HR Count, PVRV, PCECV, HRIG, ERIG.
- **Biting Animals:** Dog, Cat, Others.
- **No. Who Washed:** Number of patients who washed the wound.

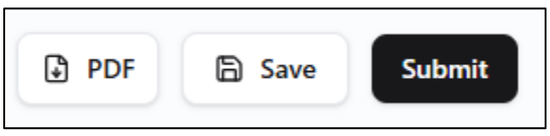
4.3. Cohort Reporting

1. Switch to the **Cohort** tab.
2. Select the sub-tab for **Category II** or **Category III**.
3. Enter data regarding outcomes:
    - **Outcomes:** Complete, Incomplete, Booster, None, Died.
    - **Remarks:** Add specific notes if necessary.



4.4. Saving and Submitting

- **Save (Draft):** Click the **Save** button to store your progress without submitting. You can return to edit this later.
- **Submit:** When the report is final, click **Submit**.
    - *Note:* Once submitted, the status changes to **Pending** and you cannot edit the report unless an Admin rejects it.



---

5. Administrative Functions (Admin Only)

5.1. Reviewing Reports

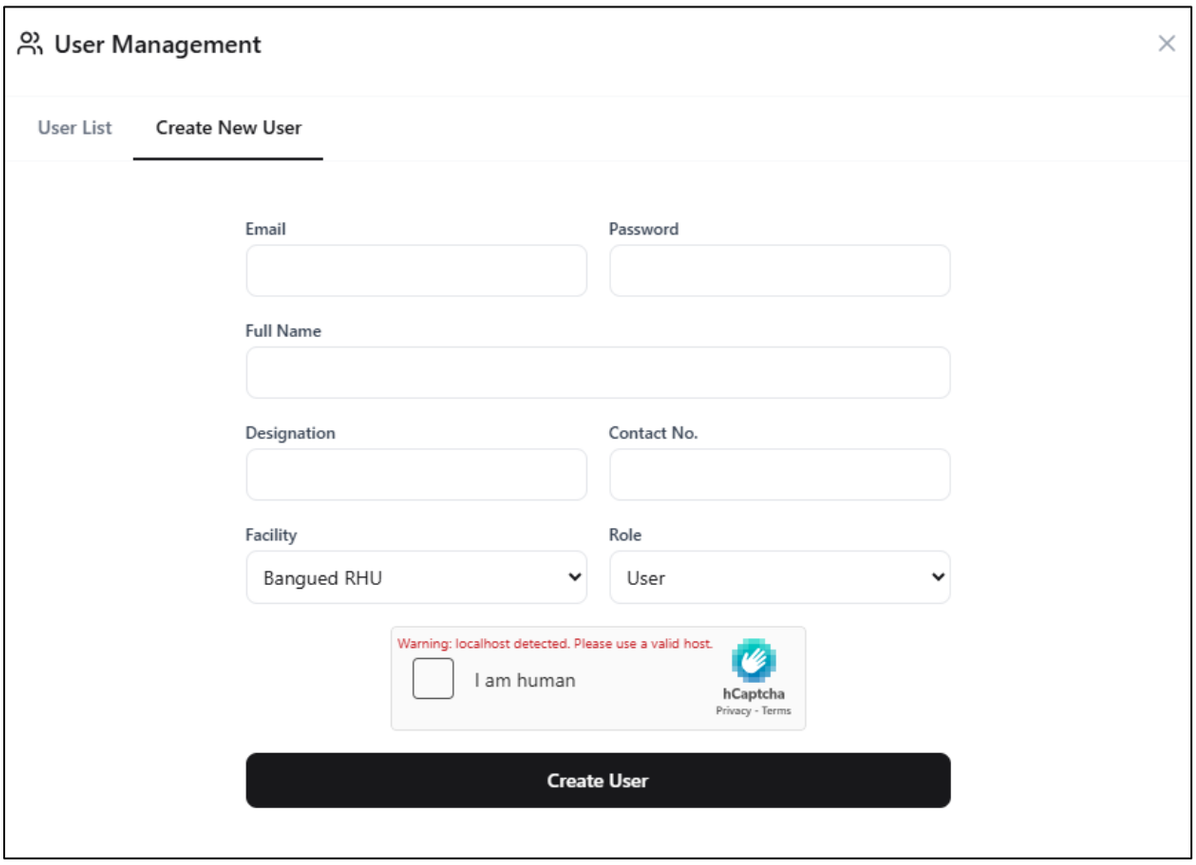
1. Click on a facility card (e.g., "Bangued RHU") marked as **Pending**.
2. Review the data entered in the table.
3. **Approve:** Click **Approve** to lock the report and include it in provincial consolidation.
4. **Reject:** Click **Reject**. You will be prompted to enter a **Reason for Rejection**. The user will receive a notification and can correct the data.

5.2. Consolidated Report

1. From the main Dashboard, click the **Consolidated** button.
2. This view aggregates all **Approved** data from every facility into a single Provincial Report.
3. You can download this as a PDF for official submission to the Regional Office.

5.3. Managing Users

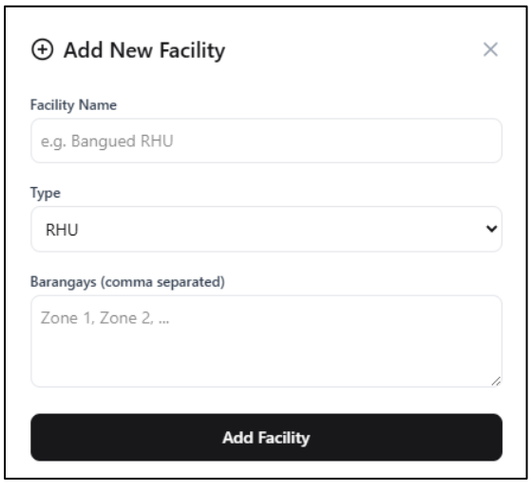
1. Click the **Users** button on the dashboard.
2. **Create User:**
   - Enter Email, Password, Full Name, Designation, and Contact Number.
   - Select the **Facility** and **Role** (User or Admin).
   - Click **Create User**.

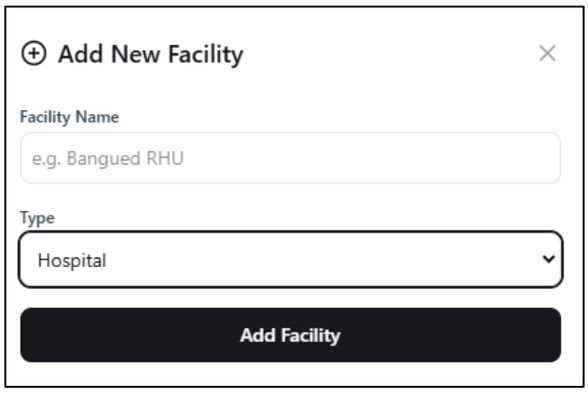


3. **Edit/Delete:** Click the pencil icon to edit details or the trash icon to remove a user.

5.4. Managing Facilities

1. Click the **Add Facility** button.
2. Enter the **Facility Name** and **Type** (RHU, Hospital, Clinic).
3. If it is an RHU, enter the list of **Barangays** (comma-separated).
4. Click **Add Facility**.



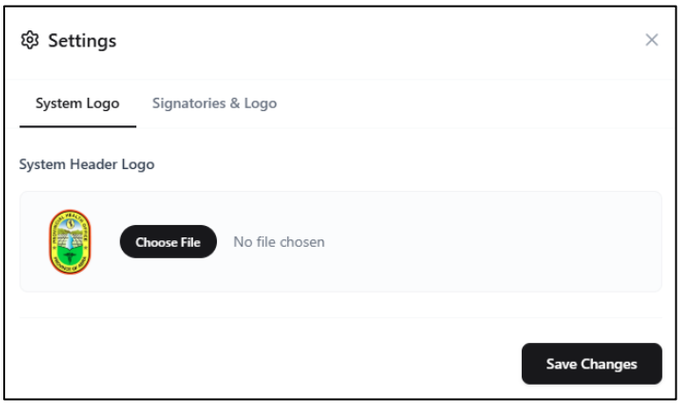


---

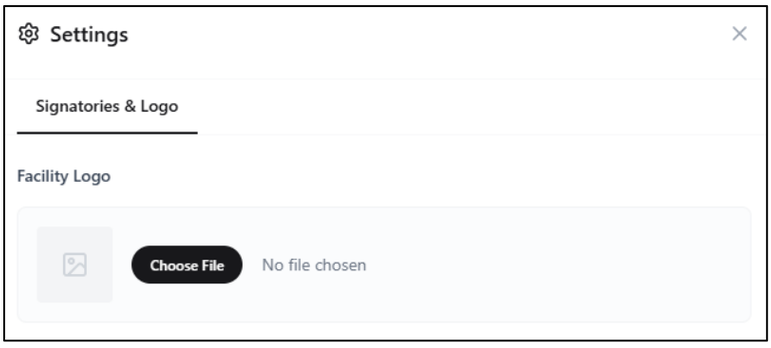
6. Settings & Customization

6.1. System & Facility Logos

- **Admin:** Can upload the official **System Logo** via the Settings menu.



- **Users:** Can upload their specific **Facility Logo** which will appear on their printed PDF reports.

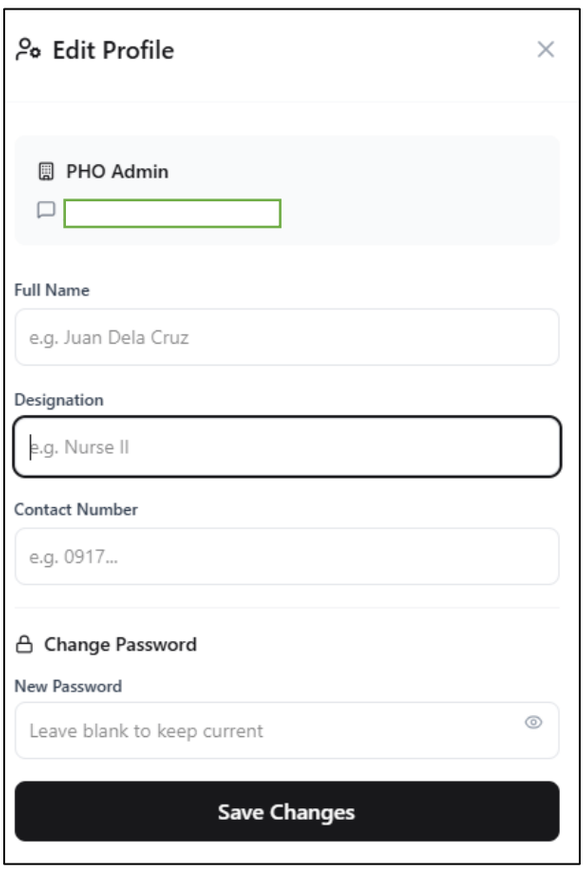


6.2. Signatories

1. Click the **Settings** (Gear icon) in the top navigation.
2. Go to the **Signatories** tab.
3. Click **+ Add** to insert a new signatory line.
4. Fill in:
    - **Label:** e.g., "Prepared By", "Noted By".
    - **Name:** Name of the personnel.
    - **Title:** e.g., "ABTC Nurse", "Municipal Health Officer".
5. Click **Save Changes**. These signatories will appear at the bottom of the generated PDF.

6.3. Profile Management

1. Click your **Name/Avatar** in the top right corner.
2. Update your Full Name, Designation, or Contact Number.
3. **Change Password:** Enter a new password (min. 6 characters) to update your login credentials.



7. Troubleshooting

Common Issues:

- **"Session Expired"**: For security, the system logs you out after 24 hours. Simply log in again.
- **Cannot Edit Data**: Ensure the report status is **Draft**. If it is **Pending** or **Approved**, you cannot edit it. Contact the Admin to reject/unlock the report if changes are needed.
- **PDF Not Downloading**: Ensure you have allowed pop-ups or downloads for the site.

System Requirements:

- **Browser:** Google Chrome, Edge, or Firefox (Latest Versions).
- **Internet:** Stable internet connection required for syncing with the database.
