1. Introduction & Privacy Rules

Welcome to the **Animal Bite Treatment Center (ABTC) Reporting System**. This platform was designed to help you quickly, accurately, and securely submit your monthly and quarterly bite case reports to the Abra Provincial Health Office.

⚠️ STRICT PRIVACY RULE (Zero-PII)

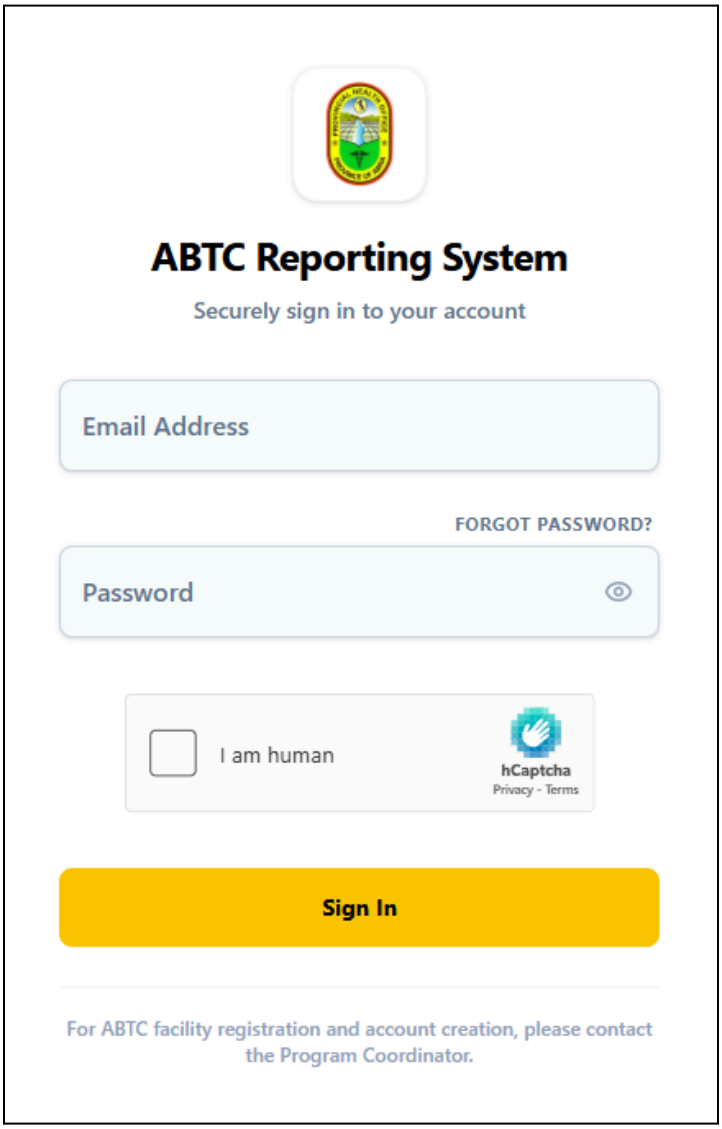
To comply with the Data Privacy Act of 2012 (RA 10173), this system does not collect patient names, addresses, or personal medical histories. You will only input statistical totals (e.g., total males, total females, total dog bites).

2. Getting Started

Logging In

1. Open your web browser (Google Chrome or Microsoft Edge recommended).
2. Go to the official ABTC System web address.
3. Enter your assigned **Email Address** and **Password**.
4. Click **Sign In**.

Login Interface

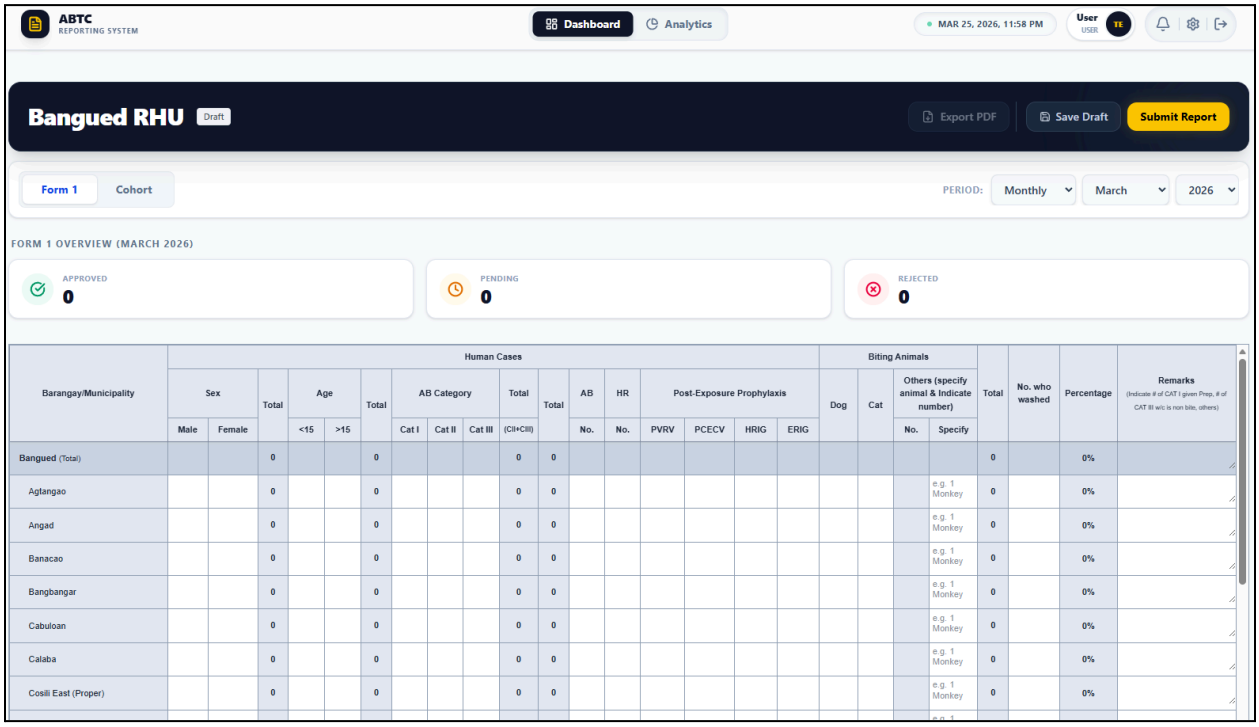


Auto-Logout Security Feature

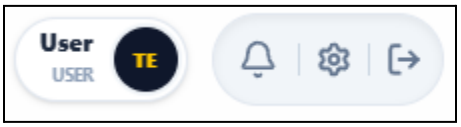
For your security, if the system detects that your computer has been left unattended with absolutely no mouse movement or typing for **3 Hours**, you will be automatically logged out.

3. Navigating the Dashboard

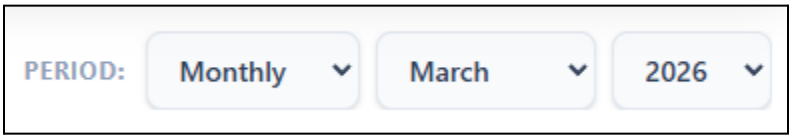
Once logged in, you will see your main Facility Dashboard.



Top Navigation Bar: Contains your Profile Menu, Notification Bell, System Settings, and the Logout button.

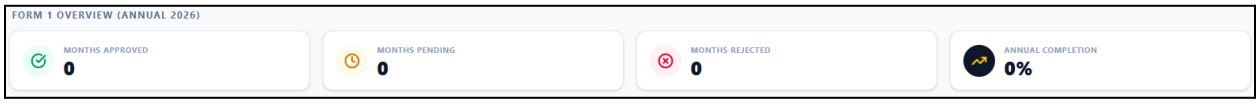


Period Selectors: Use the dropdown menus to select the **Year**, **Month/Quarter**, and **Period Type** you want to view or report on.

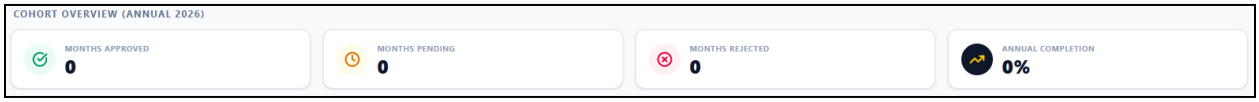


KPI Cards (Top Numbers): These cards quickly show you how many reports have been Approved, Pending, or Rejected for the selected year.

Form 1 Overview:



Cohort Overview:

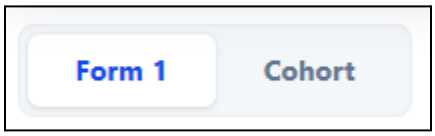


Submission Tracker: A row of month blocks (JAN, FEB, MAR) that are color-coded based on your submission status.

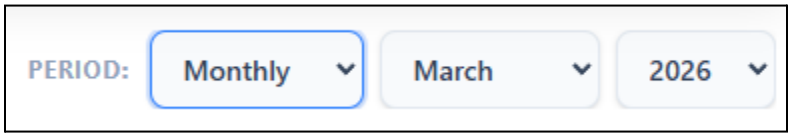
4. Entering Data: Form 1

Form 1 is your primary monthly report for all new animal bite cases.

1. Ensure the **"Form 1"** tab is selected in the middle of your screen.



2. Select the specific **Month** and **Year** you are reporting for.



3. Scroll down to the data table.
4. Locate the specific Barangay/Municipality row.
5. Click on any cell and type the corresponding number.

Form 1:

Barangay/Municipality	Human Cases																	Biting Animals				Total	No. who washed	Percentage	Remarks (Indicate # of CAT I given Prep, # of CAT III w/c is non bite, others)
	Sex		Total	Age		Total	AB Category			Total	Total	AB	HR	Post-Exposure Prophylaxis				Dog	Cat	Others (specify animal & Indicate number)					
	Male	Female		<15	>15		Cat I	Cat II	Cat III	(CII+CIII)		No.	No.	PVRV	PCECV	HRIG	ERIG			No.	Specify				
Bangued (Total)			0			0				0	0											0		0%	
Agtangao			0			0				0	0										e.g. 1 Monkey	0		0%	
Angad			0			0				0	0										e.g. 1 Monkey	0		0%	
Banacao			0			0				0	0										e.g. 1 Monkey	0		0%	
Bangbangar			0			0				0	0										e.g. 1 Monkey	0		0%	
Cabuloan			0			0				0	0										e.g. 1 Monkey	0		0%	
Calaba			0			0				0	0										e.g. 1 Monkey	0		0%	
Cosili East (Proper)			0			0				0	0										e.g. 1 Monkey	0		0%	
Cosili West (Buaya)			0			0				0	0										e.g. 1 Monkey	0		0%	
Dangdangla			0			0				0	0										e.g. 1 Monkey	0		0%	
Lingtan			0			0				0	0										e.g. 1 Monkey	0		0%	
Lipcan			0			0				0	0										e.g. 1 Monkey	0		0%	
Lubong			0			0				0	0										e.g. 1 Monkey	0		0%	

🛡️ **Smart Data Guardrails:**

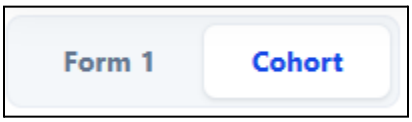
The system double-checks your math! You cannot submit a report if:

- Your **Total Sex** (Male + Female) does not equal your **Total Age** (<15 + >15).
- Your **Washed** count is higher than your **Total Biting Animals**.

5. Entering Data: Cohort

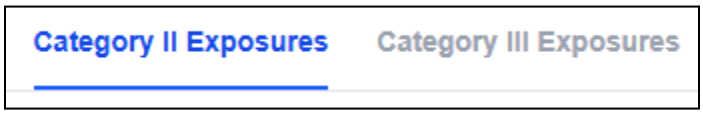
The Cohort tab is used to track the outcomes of patients from a *previous* reporting period.

1. Click the **"Cohort"** tab.



2. Notice the **Blue Guide Banner**. It will tell you exactly which previous period you are reporting on (e.g., *Reporting for 4th Quarter 2025*).

3. Choose between the **Category II** or **Category III** sub-tabs.



4. Fill in the data for completed doses, dropouts, or deaths.

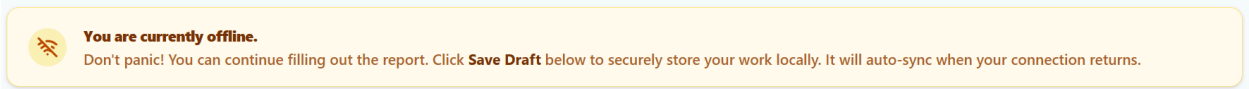
Cohort:

CATEGORY II - EXPOSURES								
Barangay/Municipality	Registered Exposures	Patients w/ RIG	Outcome: Complete	Outcome: Incomplete	Outcome: Booster	Outcome: None	Outcome: Died	Remarks
Bangued (Total)								
Agtangao								
Angad								
Banacao								
Bangbangar								
Cabuloan								
Calaba								
Cosili East (Proper)								
Cosili West (Buaya)								
Dangdangla								
Lingtan								
Lipcan								
Lubong								
Macarcarmay								
Macray								
Malita								
Maoay								
Palao								
Patucannay (Bangued)								

6. Offline Mode & Saving Drafts

We know internet connections in rural areas can drop unexpectedly. This system is built to handle that!

If your internet disconnects, a **Yellow Warning Banner** will appear at the top of your screen.



What to do when Offline:

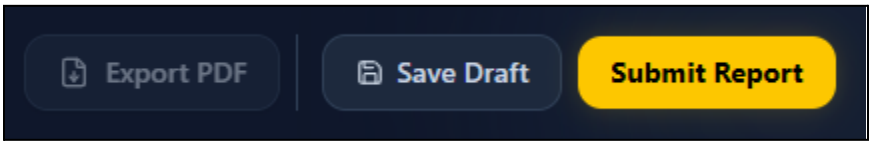
1. **Do not panic and do not close your browser!** You can continue typing your data.
2. When you are finished, click the **Save Draft** button at the top right.
3. The system will save your data securely inside your computer's browser.

4. Once your internet connection is restored, the system will automatically upload your draft to the secure cloud!

7. Submitting Reports & Approval Workflow

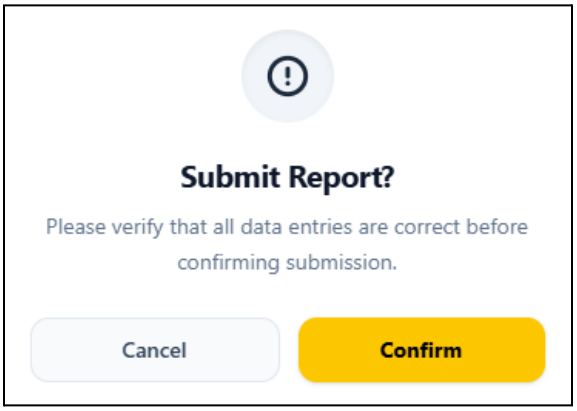
Once you have filled out your Form 1 or Cohort data, it is time to submit it to the Provincial Health Office.

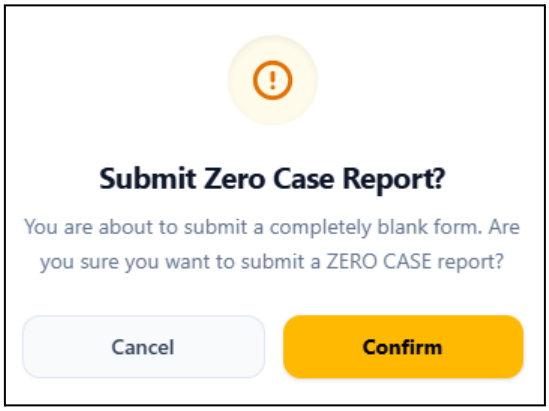
1. Click the yellow **Submit Report** button at the top right.



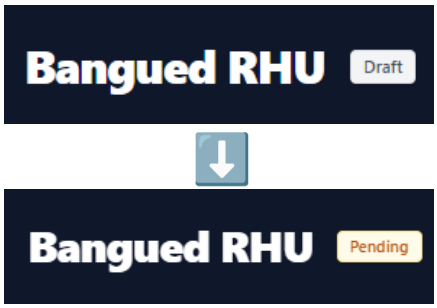
2. A confirmation window will appear. Click **Confirm**.

   Note on Zero Case Reporting: *If your facility had absolutely no bite cases for the month and you left the form completely blank, the system will detect this and ask if you want to submit a* ***"Zero Case Report"****. Click* ***Confirm*** *to officially report that you had zero cases.*





3. Your report status will change from *Draft* to **Pending**.



The Workflow:

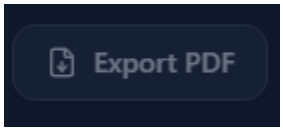
- **Draft (Gray):** Only you can see this. You are still editing.
- **Pending (Yellow):** Submitted to the PHO. You can no longer edit the data unless they reject it.
- **Approved (Green):** The PHO has verified your data. It is now permanently locked and added to the provincial statistics.
- **Rejected (Red):** The PHO found an error. You will receive a message explaining what to fix so you can resubmit.

8. Exporting PDFs & Analytics

Downloading the Official Form

You can instantly generate a printable PDF of your report.

1. Click the Export PDF button at the top right.



2. The system will process the document in the background (your screen will not freeze).
3. The PDF will automatically download to your computer, complete with official formatting and grand totals.

Viewing Analytics

To see visual charts of your facility's performance:

1. Click Analytics on the top navigation bar.

2. Here you can view beautiful, real-time pie charts and bar graphs mapping out case volumes, biting animals, and demographics.
3. You can click the Download icon on any chart to save it as an image for your PowerPoint presentations.
